

Managed LOBBY TABLETS

TTI has introduced beautiful tablets featuring the outstanding Microsoft Surface Pro 8 and the new Surface Go 3. Our tablets feature TTI's proprietary software that keeps your guest's information safe while protecting your network.

Printing can be sent to a Wi-Fi enabled printer that is close by or across the lobby or via USB Cable.

TTI provides 24/7/365 Remote Support with a HOTLINE and 24 hour monitoring.

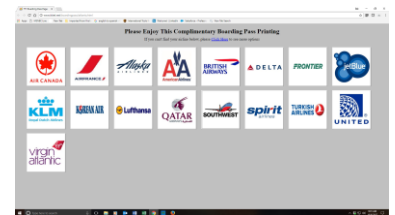

TTI BUSINESS CENTER SECURITY SOFTWARE

- Runs on Windows or OS X Operating Systems
- Prevents access to the property's network and files
- Re-boots the computer after each guest logs out completely eliminating any login, password, history or files that the guest has entered or downloaded
- **Fully Customized to your property with Facebook, Twitter, Instagram and Pinterest links, a Short Message for your guests**
 - Pictures you provide for Screensaver showing off your property
 - Quick Links on right of screen to sites you request, some ideas are Free Boarding Pass, Arrivals/Departures at local airports, Restaurants or Open Table, Rewards page, Transportation portal. Ticket sites etc.

FREE BOARDING PASS SOFTWARE

- RUNS ON Windows or OS X Operating Systems
- Prevents access to the property's network and files
- Re-boots the computer after each guest logs out completely eliminating any login, password, history or files that the guest has entered or downloaded

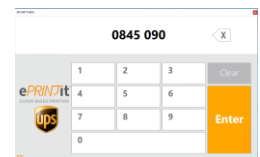

Mobile Printing

TTI offers a Cloud Based Remote Printing solution that makes it easy to print remotely in an encrypted method so the guest can rest assured that their document is secure until

they print it to an ePRINTit™ enabled printer. **Guest can submit their document through a web portal, mobile app or by email and receive a release**

code immediately. Guest can enter their code without using the Business Center computers.
