

Business Centers by TTI for 2022

TTI Technologies offers state of the art solutions for your Business Center with the flexibility to have either PC or MAC based computers to meet your property's needs. Featuring the professional grade **Dell OptiPlex™ 3280 All in One 22" computer with Solid State Drive for fast reboot, HP ProOne 600 22" All in One or the slim iMac™ 24" Desktop**, TTI provides a safe and secure session for your guests and convenience for your staff. 24/7/365 Support Nationwide from our trained technicians can solve most issues using remote troubleshooting.

- Customer files, downloads and passwords are deleted after each use providing a secure environment they will appreciate.
- Compliant with most Brand Standards
- Safe and secure system that can't be tampered with by unauthorized personnel
- PCI Compliant
- Any viruses or corrupt files are deleted after each guest logs out offering complete protection

TTI can also install in your own computers if they meet our minimum specifications

NEW TECHNOLOGY

TTI is a leader in new technology for the hospitality industry. We offer state of the art **Microsoft Surface Pro Tablets** that hotels are using in the Lobby or Club Lounge where space is a concern.

TTI Hospitality software and support is being used on **large screens for concierge type services** and in conference rooms so that important business information is not left behind after a presentation.

WHY TTI TECHNOLOGIES

TTI started as a family business and has quickly become a leader in self-service business centers in the USA. TTI has been effectively implementing technology since 1991 servicing hotels, resorts, hostels, airports, retailers, and more. Our [hotel business centers](#) are easy to operate, require minimal staff interaction, and include design, installation, and on-going 24/7/365 management and support. We have built a reputation for **great customer service** that can improve guest scores and reduces the strain on your staff by providing the Tech support and products that we know so well.

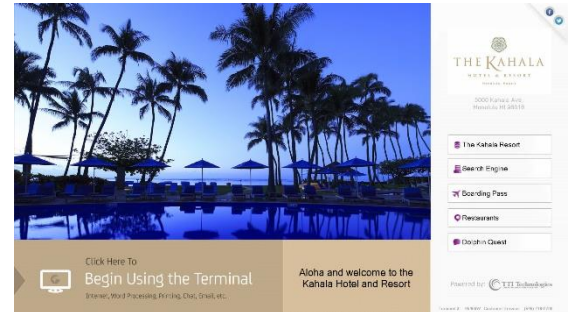

TTI SUPPORT AND WARRANTY

TTI sells hardware with 3 Year Manufacturer's warranties, where offered, and work with the manufacturers to quickly identify and correct problems. TTI pro-actively monitors the computers around the clock to let your staff know if the computers are off-line or if they see any problems that the property should be aware of before the guest notices. **TTI does not charge extra to support printers for the Business Center, Lobby Tablets or Boarding Pass stations.**

Our Most Popular Business Center Equipment

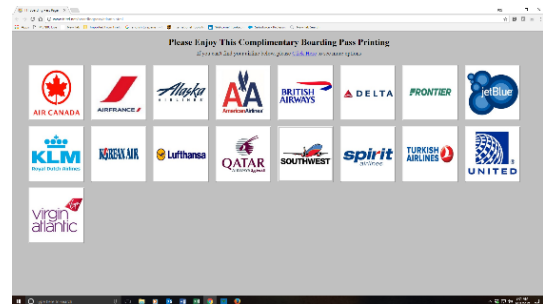

TTI BUSINESS CENTER SECURITY SOFTWARE

- Runs on Windows or OS X Operating Systems
- Prevents access to the property's network and files
- Reboots the computer after each guest logs out eliminating any login, password, history, or files that the guest has entered or downloaded
- **Fully Customized to your property with Facebook & Twitter links and a Short Message for your guests**
 - Pictures you provide for Screensaver showing off your property
 - Quick Links on right of screen to sites you request, some ideas are Free Boarding Pass, Arrivals/Departures at local airports, Restaurants or Open Table, Rewards page, Transportation portal etc.

TTI BOARDING PASS SOFTWARE

TTI Free Boarding Pass software can include our access to over 98% of world airlines and a unique web portal we have built for the major markets with multiple airports that provide flight information for all major airports. Current markets include DC, NY, SoCal. Provides for quick flight lookup and quick easy Boarding Pass printing. Can be installed on either iMac or PC computer. We can restrict all access to the world wide web or hide access depending on your needs.

TTI PREMIER

- ✚ Allows hotel personnel to **assign a General Password** (similar to Wi-Fi) that can restrict access to guests and limit time and # of printed pages. A guest or group that needs more time or pages can obtain a unique password from the front desk that hotel simply logs into the web portal to assign including start/end or # of uses.
- ✚ Offers each hotel the ability to **edit desktop**: change pictures, quick links or update special messages on their own
- ✚ **Equipment Status** – web portal allows quick look at status of equipment on-line/off-line and type of equipment
- ✚ **Statistics** - Number of Sessions per computer, Average Session time, Number of pages printed, and application usage

Dell OptiPlex™ All in One 3280 Computer 22" with Solid State Drive (SSD)

Faster reboot up due to SSD along with fast processor and memory.

- Intel Core™ i5 processor
- Windows 10 Pro 64bit Operating System
- 8GB 1X8GB DDR4 Memory
- **Solid State Hard Drive**
- Dimensions 2.14" D x 19.6" W x 12.96" H Weight 10.31 lbs.

HP ProOne 600 G6 All in One Desktop 22" – New Upgraded Features

with Solid State Drive Beneath its elegant looks and space-saving design, the HP Elite One offers the desktop processing power and productivity features your property needs to meet guest needs.

Now with Solid State Drive 256GB

- Genuine Windows® 10 Professional 64bit Operating System
- Intel® Core™i5 9500 Processor with Intel UHD Graphics 630
- 7 External USB 3.1 ports (1 w/Powershare™)
- **8GB DDR4 memory 1x8GB** • Wired keyboard and mouse
- Integrated 2.0 Meg Pix HD Webcam with digital Microphone
- Dimensions: 19.24" W x 7.93" D x 19.01" H • Weight 14.9 lbs.

New Apple iMac 24"

The new ultra slim 24" 4.5k Retina display. with Facetime Camera and M1 Signal processor

- Mac OS Operating system with 256GB Solid State Drive
- New Apple M1 Chip 8 Core-CPU
- **RETINA 4.5K** displays are stunning from every angle
- Two Thunderbolt USB 4 ports, Two USB C 3.1 ports, SDX slot
- Dimensions 21.5" W x 5.8" D x 18.1" H • Weight 9.88 lbs.

Apple requires that iMacs be brought to Apple Store for warranty support

Please note, due to security changes on the M1 MAC we are no longer able to set a firmware password to protect the recovery options. This means that if there is a malicious guest, they can purposely factory reset the Mac or delete the hard drive. We are working to find a solution for this, but until one becomes available, please note that if this were to occur, we will need someone from the hotel to re-factory reset the mac and get us remotely connected to reinstall our software from scratch. Reinstallation charges may apply

Microsoft Surface Pro 8 with Windows 10 and TOUCH

The 12.3 Inch Surface Pro 6 is a tablet that is as good as a laptop.

Web Filtering

TTI Business Center software includes Web Filtering that allows Blacklisting of inappropriate sites, web filtering, blocking and virus protection.

Mobile Printing

➤ **TTI offers a Cloud Based Remote** Printing solution that makes it easy to print remotely in an encrypted method so the guest can rest assured that their document is secure until they print it to an **ePRINTit**TM enabled printer. **Guest can submit their document through a web portal, mobile app or by email and receive a release code immediately.** Can be connected to most any printer, so guest can enter their code without using the Business Center computers.

See the video at this link: <https://www.ttitel.com/eprintit/>

Kensington Desktop and Peripheral Locks

Protect your investment with easy to install secure Kensington Locks. These locks can be used in the Kensington lock slot on the back of most PCs and Apple computers and some laptops. They also can be attached to peripheral equipment like printers, routers, scanners etc.

Microsoft Home and Business 2021

Now includes the new Office 2021 apps for your PC and Mac.
Always have the latest versions of:

Microsoft Home and Business 2021 single license with no annual fee.

Also available is Microsoft 365 (with an annual license for up to 5 computers, both Mac and PC)

Also consider if you will need **Router or Switch** (often can be provided by your internet provider), **Cables** (Cat5 or Cat6 for connecting from a LAN network to your computer, and **Printer Cables** (many printers no longer are shipped with cables).
