Business Centers by TTI for 2025

TTI Technologies offers state of the art solutions for your Business Center with the flexibility to have either PC or MAC based computers to meet your property's needs. Featuring the professional grade **HP 440 G9 All in One 23.8" computer with Solid State Drive for fast reboot,** or the slim **iMac™ 24" M1 Desktop**, TTI provides a safe and secure session for your guests and convenience for your staff. 24/7/365 Support Nationwide from our trained technicians can solve most issues using remote troubleshooting.

- Customer files, downloads and passwords are deleted after each use providing a secure environment they will appreciate.
- Compliant with most Brand Standards
- Safe and secure system that can't be tampered with by unauthorized personnel.
- PCI Compliant
- Any viruses or corrupt files are deleted after each guest logs out offering complete protection.

TTI can also install in your own computers if they meet our minimum specifications.

NEW TECHNOLOGY

TTI is a leader in new technology for the hospitality industry. We offer state of the art **Microsoft Surface Pro Tablets** that hotels use in the Lobby or Club Lounge where space is a concern.

WHY TTI TECHNOLOGIES

TTI started as a family business and has quickly become a leader in self-service business centers in the USA. TTI has been effectively implementing technology since 1991 servicing hotels, resorts, hostels, airports, retailers, and more. Our hotel business centers are easy to operate, require minimal staff interaction, and include design, installation, and on-going 24/7/365 management and support. We have built a reputation for **great customer service** that can improve guest scores and reduces the strain on your staff by providing the Tech support and products that we know so well.
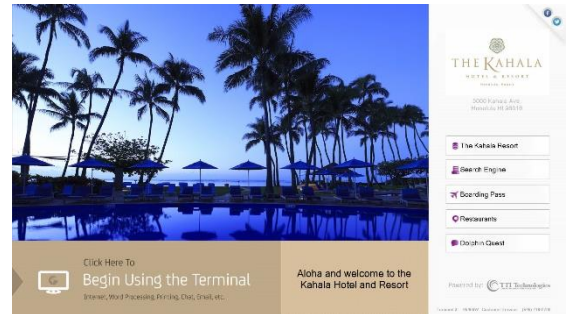

TTI SUPPORT AND WARRANTY

TTI sells professional quality hardware with 3 and 4 Year Manufacturer's warranties, where offered, and work with the manufacturers to quickly identify and correct problems. TTI proactively monitors the computers around the clock to let your staff know if the computers are off-line or if they see any problems that the property should be aware of before the guest notices**. TTI does not charge extra to support printers for the Business Center**, Lobby Tablets or Boarding Pass stations.

TTI TECHNOLOGIES

## Our Most Popular Business Center Equipment

TTI BUSINESS CENTER SECURITY SOFTWARE

- Runs on Windows or OS X Operating Systems
- Prevents access to the property's network and files
- Reboots the computer after each guest logs out eliminating any login, password, history, or files that the guest has entered or downloaded.
- **Fully Customized to your property with Facebook & Twitter links and a Short Message for your guests**
  - Pictures you provide for Screensaver showing off your property.
  - Quick Links on right of screen to sites you request, some ideas are Free Boarding Pass, Arrivals/Departures at local airports, Restaurants or Open Table, Rewards page, Transportation portal etc.

TTI BOARDING PASS

TTI Free Boarding Pass site can include our access to over 98% of world airlines and a unique web portal we have built for the major markets with multiple airports that provide flight information for all major airports. Can be installed on either iMac or PC computer.

TTI PREMIER

- Allows hotel personnel to **assign a General Password** (similar to Wi-Fi) that can restrict access to guests and limit time and # of printed pages. A guest or group that needs more time or pages can obtain a unique password from the front desk that hotel simply logs into the web portal to assign including start/end or # of uses.
- Offers each hotel the ability to **edit desktop**: change pictures, quick links or update special messages on their own.
- **Equipment Status** – web portal allows quick look at status of equipment on-line/off-line and type of equipment.
- **Statistics** - Number of Sessions per computer, Average Session time, Number of pages printed, and application usage.

Our cost is $100 per computer per hotel

HP ProONE™ 440 G9 All in One Computer 23.8" with Solid State Drive (SSD)
Faster boot up due to SSD along with fast processor and memory.

- Intel Core™ i5 processor
- Windows 11 Pro® 64bit Operating System
- **256 GB Solid State Hard Drive**
- 5 MP Camera Pull Up & Array Microphones
- Intel Wireless AC 3165 Dual Band 802.11 and Bluetooth 4.2
- 4 Year On Site Warranty
- **Dimensions 8.85" D x 21.23" W x 14.93" H   Weight 15.7 lbs.**

Apple iMac 24"
The new ultra slim 24" 4.5k Retina display. with Facetime Camera and M1 Signal processor

- Mac OS Operating system with 256GB Solid State Drive
- New Apple M1 Chip 8 Core-CPU
- **RETINA 4.5K** displays are stunning from every angle
- Two Thunderbolt USB 4 ports, Two USB C 3.1 ports, SDX slot
- **Dimensions 21.5" W x 5.8" D x 18.1" H   • Weight 9.88 lbs.**

Apple requires that iMacs be brought to Apple Store for warranty support If no color chosen we will ship Silver

Please note, due to security changes on the M1 MAC we are no longer able to set a firmware password to protect the recovery options. This means that if there is a malicious guest, they can purposely factory reset the Mac or delete the hard drive. We are working to find a solution for this, but until one becomes available, please note that if this were to occur, we will need someone from the hotel to re-factory reset the mac and get us remotely connected to reinstall our software from scratch. Reinstallation charges may apply.

Microsoft Surface Pro
